

CLINICAL ANATOMY

VOLUME 28, NUMBER 5, JULY 2015

Editorial

- 557 "I believe that training in careful dissections is still the best discipline"
R. Shane Tubbs

Letters to the Editor

- 558 **The Significance of the Pelvic Collateral Circulation in Aorto-Iliac Disease**
Mohammed Omer Anwar and Abdullatif Aydin
Published online 26 February 2015
- 560 **Perineural Tumor Spread to the Muscle: An Alternative for Muscle Metastasis?**
Stepan Capek, Kimberly K. Amrami, Benjamin M. Howe, and Robert J. Spinner
Published online 15 December 2014
- 563 **An Undeniable Need for Change: The Case for Redefining Human Penis Types: Intact, Circumcised, and Uncircumcised (All Three Forms Exist and All are Different)**
William G. Wallace
Published online 16 April 2015

Editorial

- 565 **Anatomy and Wikipedia**
Joel A. Vilensky and Jakob Steenberg
Published online 14 May 2015

Original Communication

- 568 **Are Medical Students Being Taught Anatomy in a Way That Best Prepares Them to Be a Physician?**
Mona Meral Savran, Jørgen Tranum-Jensen, Paul Frost Clementsen, Jesper Hastrup Svendsen, Jesper Holst Pedersen, Steen Seier Poulsen, Henrik Arendrup, and Lars Konge
Published online 14 May 2015

Review

- 576 **Different Ophthalmic Artery Origins: Embryology and Clinical Significance**
Louise Louw
Published online 25 September 2014

Original Communication

- 584 **Bilateral Cleft Lip and Palate: A Morphometric Analysis of Facial Skeletal Form Using Cone Beam Computed Tomography**
John M. Starbuck, Ahmed Ghoneima, and Katherine Kula
Published online 4 March 2015

View Point

- 593 **Evaluating Sexual Dimorphism in the Human Mastoid Process: A Viewpoint on the Methodology**
Anja Petaros, Sabrina B. Sholts, Mario Slaus, Alan Bosnar, and Sebastian K.T.S. Wärmländer
Published online 10 April 2015

Original Communications

- 602 **Relationship Between Pharyngitis and Peri-Odontoid Pannus: A New Etiology for Some Chiari I Malformations?**
R. Shane Tubbs, Christoph J. Griessenauer, Philipp Hendrix, Peter Oakes, Marios Loukas, Joshua J. Chern, Curtis J. Rozzelle, and W. Jerry Oakes
Published online 14 May 2015
- 608 **Description and Evaluation of an Intraoral Cervical Plexus Anesthetic Technique**
Daniel P. Bitner, Daniel Uzelger Feldman, Kevin Axx, and Jasim M. Albandar
Published online 10 April 2015
- 614 **A Hypothesis for Reactivation of Pulmonary Tuberculosis: How Thoracic Wall Shape Affects the Epidemiology of Tuberculosis**
Aaron R. Casha, Liberato Camilleri, Alexander Manché, Ruben Gatt, Daphne Attard, Wiktor Wolak, Krzysztof Dudek, Marilyn Gauci, Christopher Giordimaina, and Joseph N. Grima
Published online 8 April 2015

(Contents continued on inside back cover)

WILEY Blackwell

CLINICAL ANATOMY

(Continued from back cover)

- 621 **Left Phrenic Nerve Anatomy Relative to the Coronary Venous System: Implications for Phrenic Nerve Stimulation During Cardiac Resynchronization Therapy**
Julianne H. Spencer, Ryan P. Goff, and Paul A. Iuzzo
Published online 8 April 2015
- 627 **Topographic Anatomy of the Fetal Inferior Vena Cava, Coronary Sinus, and Pulmonary Veins: Variations in Chiari's Network**
Michiko Naito, Hee Chul Yu, Ji Hyun Kim, José Francisco Rodríguez-Vázquez, Gen Murakami, and Baik Hwan Cho
Published online 25 November 2014
- 638 **Descriptive Study of the Differences in the Level of the Conus Medullaris in Four Different Age Groups**
Albert-Neels van Schoor, Marius C. Bosman, and Adrian T. Bosenberg
Published online 2 February 2015
- 645 **The Role of 64-Slice CT Following Perfusion With Iohexol via the Hepatopancreatic Ampulla in Assessing Pancreaticobiliary Junctions**
Wan-Liang Guo, Xue-Jie Bai, Shun-Gen Huang, Lin Fang, and Jian Wang
Published online 4 March 2015
- 649 **The Lumbar Arteries and Veins: Quantification of Variable Anatomical Positioning with Application to Retroperitoneal Surgery**
Tyler S. Beveridge, Adam Power, Marjorie Johnson, Nicholas E. Power, and Brian L. Allman
Published online 2 February 2015
- 661 **Anatomical Variations of the Internal Iliac Veins in the Presacral Area: Clinical Implications During Sacral Colpopexy or Extended Pelvic Lymphadenectomy**
Gun Oh Chong, Yoon Hee Lee, Dae Gy Hong, Young Lae Cho, and Yoon Soon Lee
Published online 11 November 2014
- 665 **Anatomy of the Hip Capsule and Pericapsular Structures: A Cadaveric Study**
H. John Cooper, Brian L. Walters, and José A. Rodriguez
Published online 14 April 2015
- 672 **The Effect of the Dimensions of the Distal Femur and Proximal Tibia Joint Surfaces on the Development of Knee Osteoarthritis**
Derya İşik, Çetin İşik, Nihal Apaydın, Yusuf Üstü, Mahmut Uğurlu, and Murat Bozkurt
Published online 23 April 2015

Review

- 678 **Neuropathies After Surgery: Anatomical Considerations of Pathologic Mechanisms**
Rebecca L. Johnson, Mary E. Warner, Nathan P. Staff, and Mark A. Warner
Published online 14 May 2015

Original Communication

- 683 **Biomechanical Effects of the Transcondylar Approach on the Craniovertebral Junction**
Alberto C. Cardoso, Ricardo B.V. Fontes, Lee A. Tan, Albert L. Rhoton Jr., Sung W. Roh, and Richard G. Fessler
Published online 23 April 2015

Retraction

- 690 **Aberrant Branch of the Superior Laryngeal Artery Passing Through the Thyroid Foramen?**
J.-L. Liu, C.-Y. Liang, T. Xiang, F. Wang, L.-H. Wang, S.-X. Liu, and H.-J. Yang
Published online 6 May 2015

On the Front Cover: Schematic drawing illustrating a hypothetical mechanism for the development of Chiari I malformation. From Tubbs et al., *Clinical Anatomy* 28:602–607.

Volume 28, Number 5 was mailed the week of June 22, 2015.
