Contents

Fundamentals and Advancements in External Fixation

Guest Editor: Hans-Christoph Pape

- | | | | |
|-----|---|-----|--|
| S1 | Editorial: Emergency fixation of the pelvic ring using the pelvic C clamp - has anything changed?
Matthius Wollgarten, Marius J.B. Keel, Hans-Christoph Pape | S19 | Temporising external fixation of calcaneus fractures prior to definitive plate fixation: a case series
Brian M. Farrell, Carol A. Lin, Charles N. Moon |
| S3 | Evolution of the Hoffmann Fixators
David Seligson | S23 | External fixation design evolution enhances biomechanical frame performance
Richard Martin Sellei, Philipp Kobbe, Azad Dadgar, Roman Pfeifer, Markus Behrens, Geert von Oldenburg, Hans-Christoph Pape |
| S7 | External fixation in the elderly
Hagen Andruszkow, Roman Pfeifer, Klemens Horst, Frank Hildebrand, Hans-Christoph Pape | S27 | Minimally-invasive fixation for anterior pelvic ring disruptions
Peter A. Cole, Evgeny A. Dyskin, Jeffrey A. Gilbertson |
| S13 | Standards of external fixation in prolonged applications to allow safe conversion to definitive extremity surgery: the Aachen algorithm for acute ex fix conversion
Klemens Horst, Hagen Andruszkow, Christian Weber, Thomas Dienstknecht, Frank Hildebrand, Ivan Tarkin, Hans-Christoph Pape | S35 | Pin-site care: can we reduce the incidence of infections?
Ioannis Ktistakis, Enrique Guerado, Peter V. Giannoudis |
