

# JAMA Ophthalmology

## Research

### Original Investigation

376 **International Validation of the American Joint Committee on Cancer's 7th Edition Classification of Uveal Melanoma**  
The AJCC Ophthalmic Oncology Task Force

384 **Association Between Progressive Retinal Nerve Fiber Layer Loss and Longitudinal Change in Quality of Life in Glaucoma**  
CPB Gracitelli and Coauthors

391 **Serum Levels of Vascular Endothelial Growth Factor and Related Factors After Intravitreal Bevacizumab Injection for Retinopathy of Prematurity**  
W-C Wu and Coauthors

398 **Choroidal Hyperreflective Foci in Stargardt Disease Shown by Spectral-Domain Optical Coherence Tomography Imaging: Correlation With Disease Severity**  
N Piri and Coauthors

406 **Genetic and Environmental Factors in Conjunctival UV Autofluorescence**  
S Yazar and Coauthors

413 **Paravascular Inner Retinal Defect Associated With High Myopia or Epiretinal Membrane**  
Y Muraoka and Coauthors

421 **Postmarketing Analysis of Aflibercept-Related Sterile Intraocular Inflammation**  
P Hahn and Coauthors

427 **Molecular Genetic Testing in Clinical Diagnostic Assessments That Demonstrate Correlations in Patients With Autosomal Recessive Inherited Retinal Dystrophy**  
X Liu and Coauthors

437 **Ethnic Differences in Trabecular Meshwork Height by Optical Coherence Tomography**  
RI Chen and Coauthors

442 **Longitudinal Changes in Microperimetry and Low Luminance Visual Acuity in Age-Related Macular Degeneration**  
Z Wu and Coauthors

449 **Assessment of Online Patient Education Materials From Major Ophthalmologic Associations**  
G Huang and Coauthors

455 **Visual Impairment and Unmet Eye Care Needs Among Homeless Adults in a Canadian City**  
CW Noel and Coauthors

### Brief Report

461 **Evaluation of the Intermittent Exotropia Questionnaire Using Rasch Analysis**  
DA Leske and Coauthors for the Pediatric Eye Disease Investigator Group

466 **An Insight Into the Pathogenesis of Optic Disc Pit-Associated Maculopathy With Enhanced Depth Imaging**  
JP Gowdar and Coauthors

## Opinion

### Viewpoint

373 **Retinal Implants and Medicare Reimbursement Policies for Breakthrough Treatments in Ophthalmology**  
TJ Hwang and JB Ciofalo

### Editorial

375 **Expression of Concern: Thakur A, Kadam R, Kompella UB. Trabecular Meshwork and Lens Partitioning of Corticosteroids: Implications for Elevated Intraocular Pressure and Cataracts. *Arch Ophthalmol.* 2011;129(7):914-920**  
NM Bressler and H Baehner

## Clinical Review & Education

### Surgical Technique

470 **Ex-PRESS Shunt for Choroidal Fluid Drainage in Uveal Effusion Syndrome Type 2: A Potentially Novel Technique**  
JB Yezpez and JF Arevalo

### JAMA Ophthalmology Clinical Challenge

473 **Serous Macular Detachment Following a Systemic Corticosteroid Injection**  
CY Weng and JW Harbour

475 **Mass Obscuring the Globe**  
PJ Belin and Coauthors

### Continuing Medical Education

496 **Online CME Quiz Questions**

## LETTERS

### Research Letter

479 **Binocular iPad Treatment of Amblyopia for Lasting Improvement of Visual Acuity**  
SL Li and Coauthors

480 **In Vivo Biomechanical Mapping of Normal and Keratoconus Corneas**  
G Scarcelli and Coauthors

482 **Possession of the HLA-DRB1\*1501 Allele and Visual Outcome in Idiopathic Intermediate Uveitis**  
H Petrushkin and Coauthors

483 **Observation**

490 **Comment & Response**

 **Issue Highlights and Continued Contents on page 369**
