

# ULTRASOUND

## in Obstetrics & Gynecology

Editor-in-Chief: Professor Anthony Odibo

The Official Journal of  
the International Society of Ultrasound  
in Obstetrics and Gynecology

## CONTENTS

### EDITORIAL

- 621 Does intrapartum epidural analgesia influence rate of emergency delivery for fetal compromise?  
*P. I. Cavoretto, P. Silvani and A. Farina*

### OPINION

- 624 Hidden in plain sight: role of residual myometrial thickness to predict outcome of Cesarean scar pregnancy  
*I. E. Timor-Tritsch, A. Monteagudo, G. Cali, A. Kaelin Agten, J. M. Palacios-Jaraquemada and F. D'Antonio*

### SYSTEMATIC REVIEWS

- 633 Urological complications in women undergoing Cesarean section for placenta accreta spectrum disorders: systematic review and meta-analysis  
 *A. Lucidi, E. Jauniaux, A. M. Hussein, C. M. Coutinho, S. Tinari, A. Khalil, A. Shamshirsaz, J. M. Palacios-Jaraquemada and F. D'Antonio*
- 644 Prediction of fetal and neonatal outcomes after preterm manifestations of placental insufficiency: systematic review of prediction models  
 *D. G. Kleuskens, C. M. C. van Veen, F. Groenendaal, W. Ganzevoort, S. J. Gordijn, B. B. van Rijn, A. T. Lely, E. Schuit and J. Kooiman*

### ORIGINAL PAPERS

- 653 Prediction using serum glycosylated fibronectin of imminent pre-eclampsia in women with new-onset hypertension  
*N. Sokratous, M. Bednorz, A. Wright, K. H. Nicolaides and N. A. Kametas*
- 660 Impact of fetal growth restriction on pregnancy outcome in women undergoing expectant management for preterm pre-eclampsia  
 *C. A. Cluver, L. Bergman, J. Bergkvist, H. Imberg, L. Geerts, D. R. Hall, B. W. Mol, S. Tong and S. P. Walker*
- 668 Effect of intrapartum epidural analgesia on rate of emergency delivery for presumed fetal compromise: nationwide registry-based cohort study  
 *S. E. Damhuis, H. Groen, B. Thilaganathan, W. Ganzevoort and S. J. Gordijn*
- 675 Epidural analgesia and emergency delivery for presumed fetal compromise: post-hoc analysis of RAVEL multicenter randomized controlled trial  
*E. S. E. Tabernée Heijtmeijer, H. Groen, S. E. Damhuis, L. M. Freeman, J. M. Middeldorp, W. Ganzevoort and S. J. Gordijn*
- 681 Prevalence and detection rate of major congenital heart disease in twin pregnancies in Denmark  
*M. Bouazzi, D. E. S. Jorgensen, H. Andersen, T. Krusenstjerna-Hafström, C. K. Ekelund, A. N. Jensen, P. Sandager, L. Sperling, J. Steensberg, K. Sundberg, N. G. Vejlstrup, O. B. B. Petersen and C. Vedel*
- 688 Visualizable intracardiac flow pattern in fetuses with congenital heart defect: pilot study of blood speckle-tracking echocardiography  
*R. Xu, M. Hou, D. Zhou, Y. Liu, L. Xie and S. Zeng*
- 695 Clinical utility of repeat fetal echocardiography in congenital heart disease  
 *D. M. Barris, M. Mikhno, M. Kornblit, K. Wang, S. Duong, J. Cohen, E. Paul, K. Stern, D. Ezon and M. Geiger*
- 701 Tela-choroidea-to-anterior-cerebral-artery distance (TACAD): novel marker on color Doppler to identify fetuses with complete or partial agenesis of corpus callosum  
*K. Karl and R. Chaoui*

- 707 Assessment of longitudinal brain development using super-resolution magnetic resonance imaging following fetal surgery for open spina bifida  
 *N. Mufti, J. Chappell, M. Aertsen, M. Ebner, L. Fidon, J. Deprest, A. L. David and A. Melbourne; GIFT-Surg Imaging Working Group*
- 721 Prenatal exome sequencing analysis in fetuses with central nervous system anomalies  
 *Y. Zhi, L. Liu, H. Wang, X. Chen, Y. Lu, X. Cui, H. Chang, Y. Wang and S. Cui*
- 727 Imaging in gynecological disease (26): clinical and ultrasound characteristics of benign retroperitoneal pelvic peripheral-nerve-sheath tumors  
 *D. Fischerova, G. Santos, L. Wong, V. Yulzari, R. J. Bennett, P. Dundr, A. Burgetova, P. Barsa, G. Szabó, N. Sousa, U. Scovazzi and D. Cibula*
- 739 Accuracy of ultrasound signs on two-dimensional transvaginal ultrasound in prediction of adenomyosis: prospective multicenter study  
*H. Krentel, J. Keckstein, T. Füger, D. Hornung, J. Theben, D. Salehin, O. Buchweitz, A. Mueller, S. D. Schäfer, M. Sillem, K. W. Schweppe, G. Tcharchian, E. Gilman and R. L. De Wilde*

### LETTERS TO THE EDITOR

- 747 Value of fetal pelvic ultrasound examination in diagnosis of anorectal malformation with rectobulbar fistula  
 *P. T. Castro, T. Fazecas, A. P. P. Matos, G. Ribeiro, E. Araujo Júnior and H. Werner*
- 749 Pseudoaneurysm complicating expectantly managed tubal ectopic pregnancy  
 *Z. Nash, N. Aslam and D. Jurkovic*
- 750 Unusual polypoid endometriosis mimicking multiple solid ovarian masses following ovarian drilling  
*M. L. Gargan and Y. Guo*

### CORRESPONDENCE

- 753 Re: Effect of intrapartum epidural analgesia on rate of emergency delivery for presumed fetal compromise: nationwide registry-based cohort study  
*A. F. O. Verheggen, K. Lapage and J. Poelaert*
- 753 Can national registry data be used to assess effects of epidural analgesia during labor?  
*D. A. Papazova, A. M. J. V. Schyns-van den Berg, I. C. M. Beenakkers and O. F. C. van den Bosch*
- 754 Unwarranted association between epidural analgesia and emergency delivery: critical review of methodological shortcomings  
*A. P. M. Rongen, S. Willemse, J. Bruhn, S. Rex, S. Devroe, S. Özkan and M. van de Velde*
- 755 Epidural analgesia and emergency delivery: exploring causal misconceptions  
*O. F. C. van den Bosch, I. C. M. Beenakkers, L. Boonstra, D. A. Papazova and A. M. J. V. Schyns-van den Berg*
- 757 Intrapartum epidural analgesia and emergency delivery for presumed fetal compromise: association or causation? Hypothesized mechanism explored  
*E. S. E. Tabernée Heijtmeijer, S. E. Damhuis, B. Thilaganathan, H. Groen, L. M. Freeman, J. M. Middeldorp, W. Ganzevoort and S. J. Gordijn*

### PICTURE OF THE MONTH

- 761 Whale's tail sign in fetus with coronary sinus total anomalous pulmonary venous connection  
 *B. Karmegaraj*
