

ULTRASOUND

in Obstetrics & Gynecology

Editor-in-Chief: Professor Anthony Odibo

The Official Journal of
the International Society of Ultrasound
in Obstetrics and Gynecology

CONTENTS

OPINION

- 581 Prenatal ambiguous/atypical genitalia: why are we still missing it and how can we improve diagnosis?
Á. López Soto, M. Velasco Martínez, M. Ferrández Martínez, A. Díaz García, O. García Izquierdo and P. Marín Sánchez

RANDOMIZED CONTROLLED TRIAL

- 586 Maternal supplementation with docosahexaenoic acid does not cause constriction of fetal ductus arteriosus: randomized controlled trial
P. Zielinsky, D. R. Alves, J. D. Á. Foresti, D. B. Guimarães, K. P. Zucatti and I. Vian

SYSTEMATIC REVIEW

- 592 Externally validated prediction models for pre-eclampsia: systematic review and meta-analysis
S. A. Tiruneh, T. T. T. Vu, L. J. Moran, E. J. Callander, J. Allotey, S. Thangaratinam, D. L. Rolnik, H. J. Teede, R. Wang and J. Enticott

ORIGINAL PAPERS

- 605 Prenatal prediction of adverse outcome using different charts and definitions of fetal growth restriction
M. Mascherpa, C. Pegoire, A. Meroni, M. Minopoli, B. Thilaganathan, A. Frick and A. Bhide
- 613 Comparison of competing-risks model with angiogenic factors in midgestation screening for preterm growth-related neonatal morbidity
I. Papastefanou, M. Menenez, A. Szczepkowska, B. Gungil, A. Syngelaki and K. H. Nicolaidis
- 619 Prognostic value of angiogenic markers in pregnancy with fetal growth restriction
P. Palmrich, E. Kalafat, P. Pateisky, N. Schirwani-Hartl, C. Haberl, C. Herrmann, A. Khalil and J. Binder
- 627 Association of umbilical vein flow with abnormal fetal growth and adverse perinatal outcome in low-risk population: multicenter prospective study
R. Ramirez Zegarra, I. F. Carbone, L. Angeli, F. Gigli, C. Di Ilio, O. Barba, O. Cassardo, B. Valentini, E. Ferrazzi and T. Ghi
- 635 Placental growth factor and fetoplacental Doppler indices in combination predict preterm birth reliably in pregnancies complicated by fetal growth restriction
J. Hong, K. Crawford, E. Cavanagh, F. da Silva Costa and S. Kumar
- 644 Reduction in cervical length after vaginal progesterone in women with short cervix is significantly associated with preterm delivery at ≤ 34 weeks and < 37 weeks of gestation
E. Hernandez-Andrade, E. S. Huntley, B. Sibai, S. C. Blackwell and E. E. Soto-Torres
- 650 Fetal premature atrial contractions: natural course, risk factors and adverse outcome
B. B. Bet, F. C. Eijsbroek, E. van Leeuwen, I. H. Linskens, I. Knobbe, S. A. Clur and E. Pajkrt
- 658 Whole-genome sequencing in prenatally detected congenital malformations: prospective cohort study in clinical setting
E. Westenius, P. Conner, M. Pettersson, E. Sablin, N. Papadogiannakis, A. Lindstrand and E. Iwarsson

- 664 Whole-genome sequencing analysis in fetal structural anomalies: novel phenotype-genotype discoveries
Q. Qi, Y. Jiang, X. Zhou, Y. Lü, R. Xiao, J. Bai, H. Lou, W. Sun, Y. Lian, N. Hao, M. Li and J. Chang

- 672 Clinical and ultrasonographic characteristics of pregnancy-related enhanced myometrial vascularity: prospective cohort study
A. Xholli, U. Scovazzi, A. P. Londero, M. Paudice, I. Vacca, M. G. Schiaffino, C. Kratochvila, E. Cavalli, I. Perugi, A. Cagnacci and Collaborators

- 683 Ultrasound features using MUSA terms and definitions in uterine sarcoma and leiomyoma: cohort study
C. De Bruyn, J. Ceusters, K. Vanden Brande, S. Timmerman, W. Froyman, D. Timmerman, A.-S. Van Rompuy, A. Coosemans and T. Van den Bosch

CASE SERIES

- 691 Serous surface papillary borderline ovarian tumors: correlation of sonographic features with clinic pathological findings
D. Wang, N. Su, R. Wang, L. Zhang, Z. Qi, Z. Liu, J. Yang, J. Leng, Y. Xiang and Collaborators

LETTERS TO THE EDITOR

- 699 Neutralizing antibody levels and cellular immune response against Omicron variant in pregnant women vaccinated with mRNA and inactivated SARS-CoV-2 vaccines
E. Kalafat, Z. Gülçe Talay, O. Demirci, R. Ayaz, E. Çelik, F. Can and Collaborators
- 701 Interim analysis of serum placental growth factor values for use in pre-eclampsia screening
E. Golob, S. Jones, R. Ganapathy and R. Akolekar
- 702 'Triangle sign': novel and needed supplement to sliding sign for evaluation of obliterated cul-de-sac in patients with retroverted uterus
I. Mick, M. Marien and M. Leonardi

CORRESPONDENCE

- 704 High-throughput sequencing in prenatal care: how to combine diagnostic performance and best practice?
A. J. Vivanti, J. Bouligand, J. Martinovic and A. Benachi
- 704 Reply
E. Westenius, P. Conner and E. Iwarsson
- 705 Whole-genome sequencing: is it appropriate in prenatal setting?
J.-X. Wei and D.-Z. Li
- 706 Reply
E. Westenius, P. Conner and E. Iwarsson
- 707 Re: Selective fetal growth restriction in dichorionic diamniotic twin pregnancy: systematic review and meta-analysis of pregnancy and perinatal outcomes
I. Papastefanou and K. H. Nicolaidis
- 708 Reply
F. D'Antonio and A. Khalil

PICTURE OF THE MONTH

- 709 Type-I umbilical-systemic shunt with abnormal connection to azygos vein in fetus with *de-novo* *TBX5* mutation related to Holt-Oram syndrome
R. Achiron, J. Har-Toov and Z. Kivilevitch
